- 301 Notice A. Either party to this Agreement may give notice in writing to the other party not more than 90 days prior to the expiry date and not less than 30 days prior to the expiry date of this Agreement and negotiations must begin within 15 days of the giving of notice. 302
Amendments

- A. This Agreement shall be subject to amendment at any time by mutual consent of the parties hereto. Any such amendment agreed upon shall be reduced to writing, signed by the parties hereto and approved by the International Office of the Union, the same as this Agreement.

SECTION 4

WORK ASSIGNMENT

400
Advance
Notice

- A. EPSCA will advise the Union of all new construction work coming under the scope of this Agreement for the construction field forces of the Employers.

EPSCA will convene a prejob conference before work commences to discuss the preliminary details of the proposed work to be performed and to establish conditions in accordance with this Agreement for the Project.

- B. Subsequent prejob conferences will be convened by EPSCA before specific portions of work commence to discuss the final details of the work and to establish conditions in accordance with this Agreement for that work.
- C. Upon the request of the Union a prejob conference will be convened by EPSCA.
- D. EPSCA will provide written notice to the Union as far in advance as possible of new work and prejob conferences as noted in Item A and Item B above.

401
Work
Assignment

- A. The Employer who has the responsibility for the work shall make a proposed assignment of the work involved. The Employer shall be responsible for providing copies of proposed assignments to the Union (International Office and Local Union Office). The Employer will specify a time limit for the Union to submit evidence supporting its claims. The Employer will evaluate all evidence submitted and make a final assignment of the work involved. This final assignment will be in accordance with the procedural rules established by the Plan for the Settlement of Jurisdictional Disputes in the Construction Industry. The Employer will advise the Union of the final assignments prior to the work commencing.

When a jurisdictional dispute exists between unions and upon request by the IBEW, the Employer shall furnish the IBEW International Office a signed letter from a duly authorized official of the company on employer stationery, stating whether or not the Union was employed on specific types of work on a given project. The Employer agrees to consider evidence of established practices within the construction industry generally when making jurisdictional assignments.

- B. A markup process will be utilized when an Employer intends to perform work on a project site*. The purpose of the markup process is to indicate to the Union the work which is planned to be carried out by the Employer in order to minimize the potential for jurisdictional disputes.

When work is to be performed on a project site and it meets the following criteria; same employer, same work, same project site, the markup process will not be required. This procedure shall not preclude the Union's right to contest previously disputed work. In the Electricity Production Zones when work falls within this criteria the EPSCA Office will send out a "Notification of Work" along with a copy of the original minutes of mark-up meeting(s) to the Local Unions prior to work commencing. This procedure shall not preclude the Unions' right to contest previously assigned work, if the work is in a Local Union jurisdiction other than the one it was marked up in.

When an Employer has work that is less than a three (3) week duration and there are ten (10) or fewer employees covered by EPSCA Collective Agreements employed on this specific work, the Union will be notified of the scope of work and the Employer's proposed work assignments. The Union will have two (2) weeks from the date of notification to submit jurisdictional claims and supporting evidence to the Employer for consideration. The Employer will notify the Union of the final work assignments prior to the commencement of the work.

All work that does not meet the criteria set out in paragraphs 2 and 3 above, will be reviewed and assigned at a markup meeting.

- * *For the purposes of this Section, Nanticoke, Lambton, Bruce Nuclear Power Development (BNPD), Darlington, Pickering, and the five (5) Electricity Production Zones are each considered one project site.*

EPSCA will provide written notice to the Union (International Office and Local Union Office) as far in advance as possible of markup meetings. The Union may attend these markup meetings and every effort will be made to settle questions of jurisdiction before the work is expected to commence.

The EPSCA representative will record the proposed assignments and jurisdictional claims and forward a copy of them within fifteen (15) working days to the Union (International Office and Local Union Office).

The parties recognize that circumstances may arise, particularly with discovery and emergency work, where the mark-up process may not be practical or possible. However, reasonable effort will be made by the Employer to adhere to the jurisdiction of the IBEW.

402
Jurisdictional
Disputes

- A. The jurisdiction of the Union shall be that jurisdiction established by agreements between International Unions claiming the work or decisions of record recognized by the AFL-CIO for the various classifications and the character of work performed.
- B. In the event that a jurisdictional dispute arises over a work assignment, the Employer will make an assignment for the work to be done. If any Union or Unions disagree with such a work assignment, the parties will settle such jurisdictional dispute in accordance with procedure as outlined by the Plan for the Settlement of Jurisdictional Disputes in the Construction Industry, or any successor thereto.
- C. In the event that a jurisdictional dispute cannot be settled on a local basis by the Unions involved, it shall be submitted to the International Unions involved for settlement without permitting it to interfere in any way with the progress of the work at any time. In the event the dispute is not settled by the International Unions involved, it shall then be submitted to the Plan for the Settlement of Jurisdictional Disputes in the Construction Industry for resolution. The International Representative of the Union will advise EPSCA in writing of his intent to submit a jurisdictional dispute to the Plan for the Settlement of Jurisdictional Disputes in the Construction

Industry and will identify in detail the work in question. The decision of the Plan for the Settlement of Jurisdictional Disputes in the Construction Industry will be final and binding to the parties to this Agreement.

- D. EPSCA shall have direct recourse to the Plan for the Settlement of Jurisdictional Disputes in the Construction Industry when the Plan for the Settlement of Jurisdictional Disputes in the Construction Industry has under its consideration a dispute involving the assignment of work being done by employees who are covered by this Agreement.

SECTION 5

UNION RIGHTS AND REPRESENTATIVES

500
Accredited
Union
Representatives

- A. The Union will designate local Union representatives as Accredited Union Representatives to handle the day-to-day administration of this Agreement on the basis of not more than two representatives from the Union for each Project. The Union will notify EPSCA in writing of the names of such Union representatives, or alternates in the event of illness or unavailability, so that they may be issued identification cards to permit entry to the site. Upon entering the job site, such representatives after identifying themselves to the authorized representative of the Employer, will be free to observe the progress and conduct of the work and to conduct normal union business associated with the administration of this Collective Agreement. The Union undertakes that these representatives will not unduly interfere in any way with said work.

501
Union
Stewards

- A. The Accredited Union Representative reserves the right to appoint or remove a steward or stewards on any job where workmen are employed under the terms of this Agreement.
- B. EPSCA and the Employer shall be notified in writing when a steward is appointed and when such stewards cease to act as stewards.
- C. The steward will be responsible for his regularly assigned work on behalf of his Employer.
- D. Such stewards shall be allowed sufficient time to see that the provisions of this Agreement are observed.

- E. No steward shall be discriminated against by the Employer because of the performance of his duties as a steward.
- F. Provided he is qualified to perform the work, the steward shall have the opportunity to work on all overtime. The steward shall be notified in advance of all overtime.
- G. Where appropriate and where more than one steward is required, one steward shall be appointed Chief Steward.
- H. The Chief Steward shall not have his employment terminated without the consent of the Accredited Union Representative until as near as possible to the completion of the job, unless with just cause. Where an Employer has only one steward appointed for a job, such steward will receive the same consideration given a Chief Steward as noted above.
- I. The Employer shall receive the approval of the Accredited Union Representative prior to transferring a steward to another Project.
- J. Any Steward shall obtain permission from his immediate supervisor before leaving his work area for Union business. Such permission shall not be unreasonably denied.

502
Health &
Safety
Representatives

- A. As the parties recognize the responsibilities of the Health and Safety Representative/Joint Health & Safety Committee member, this individual will be among the last five (5) employees kept on a project, providing s/he is capable of performing the remaining work.
- B. If management feels that the Health and Safety representative/Joint Health & Safety Committee member is not discharging his/her health and safety duties in a manner that follows the intent and spirit of the legislation, the Employer may refer the issue to the Executive Committee for resolution. If the matter cannot be resolved by the Executive Committee, the grievance procedure may be invoked.

SECTION 6

EMPLOYEE DESIGNATION

600
Foremen and

- A. It is understood that foremen and subforemen hold responsible positions in the relationship between the

Subforemen

Employers and the Union. Both parties agree that every effort should be made to recruit and retain foremen and subforemen who have a high degree of efficiency in the performance of their jobs and in the handling of their men. Recognizing the responsibilities involved in being a supervisor and a member of the Union, the Employers and the Union will make every effort to minimize problems that may arise which concern the relationship between the foremen and subforemen, the Employers and the Union.

- B. The parties recognize the responsibilities of foremen and subforemen to discharge their managerial duties. If the Union feels that the foreman or subforeman is not discharging his managerial duties in a manner that is fair and equitable, or if an Employer feels that the Union is interfering with the foreman or subforeman in the performance of his managerial duties, the Employer or the Union may refer the problem to the Executive Committee referred to in Section 14 - Committees, Subsection 1400 - Executive Committee, for resolution. If the matter cannot be resolved by the Executive Committee, the grievance procedure may be invoked by either party.
- C. The selection and retention of foremen and subforemen will be the responsibility of the Employers. When making appointments to the foreman and subforeman level, the Employers will give consideration to those journeymen they presently employ, however this consideration does not create an obligation to make an appointment from these employees.
- D. Such foremen and subforemen shall be members of the IBEW and shall register at the local union office and shall be issued with clearance cards.
- E. In the interest of efficiency and productivity, the Employer shall have the right to move foremen and subforemen from construction site to construction site.
- F. The foremen's differential shall be the greater of \$3.00 or the established percentage above the journeyman rate differential as set out in the existing wage schedules. The subforeman's differential shall be the greater of \$2.00 or the established percentage differential above the journeyman rate as set out in the existing wage schedules. The rates of pay for all

foremen and subforemen covered by this Agreement will be set forth in the current wage schedules. EPSCA will provide the Union with current wage schedules.

- G. For conditions applying to General Foremen, refer to Subsection 200, Item G.
- H. Where the crew size is five (5) or less, including the foreman, the foreman may be required to work with the tools of the trade.

- F. In order to expedite the Apprentice's entrance into Journeyman status, the following policy shall apply:
 - (i) The Apprentice must apply to the Apprenticeship Branch to write his examination as soon as possible after he has reached his total hours, less 300.
 - (ii) The Apprentice will give the LAC/JAC two weeks' notice that he is going to write his examination.

- (iii) After writing the examination, the Apprentice will check his hours in his Progress Record Book, with LAC/JAC.
- (iv) The Employer will commence paying the Journeyman's rate of pay the day after the Apprentice completes his hours and providing the following conditions have been met:

APPENDIX A

7 DAY COVERAGE

When working under the provisions of this appendix all conditions listed below will supersede those contained in the main agreement. Where this appendix is silent, the appropriate article in the collective agreement applies

This shift schedule can be used for work greater than two (2) weeks in duration, however, it is recognized that unforeseen circumstances may require the cancellation of this schedule.

It in the transition onto or off this 7 day shift schedule an employee would receive less than 40 paid hours in a pay period, the employee shall receive the difference between the total paid hours for that pay period and 40 hours pay. This does not apply to those employees who are laid off during or at the end of the schedule. The employee(s) shift schedule consists of four consecutive shifts (day, afternoon, or night) followed by four scheduled days off. Shift overlap may be required.

Shift work may be established by the employer to provide seven (7) days per week work coverage, on a one (1), two (2), or three (3) shift per day basis. When this occurs, a specific shift arrangement will be established by the employer detailing the shift schedule to be worked. The employer will provide the Union with forty-eight (48) hours notice prior to the implementation of these shift provisions.

Day Shift

Regularly scheduled hours of work Monday to Friday inclusive shall be paid at straight time hourly rates.

Afternoon Shift

Regularly scheduled hours of work, Monday to Friday inclusive shall be paid at straight time hourly rates plus a shift differential of one-seventh (1/7) of the straight time hourly rate.

Night Shift

Regularly scheduled hours of work, Monday to Friday inclusive shall be paid at straight time hourly rates plus a shift differential of one-fifth (1/5) of the straight time hourly rate.

All Shifts

Regularly scheduled hours of work on Saturday, Sunday, Statutory and Recognized Holidays shall be paid at two (2) times the straight time hourly rate. Recognized Holidays will be observed on the actual day on which the holiday occurs or as declared by legislation.

The rate for the shift will be based on the day in which the shift begins.

An unpaid lunch period of one-half (1/2) hour shall be allowed to be taken no later than five (5) hours after the commencement of a shift.

For employees working regularly scheduled hours, two (2) fifteen (15) minute rest periods will be allotted at a time and location directed by the employer for employees to rest.

It may be necessary, from time to time, to vary the established shift arrangements. When this occurs, a revised shift arrangement will be established.

APPENDIX B

7 DAY COVERAGE – Nuclear Sites Only

The implementation of this Appendix is contingent on EPSCA and the Millwrights agreeing to comparable rates for regularly scheduled hours on Saturday and Sunday on 7 day coverage. This agreement shall become effective immediately upon such agreement between EPSCA and the Millwright Regional Council of Ontario. In the 30 day period immediately following the date this Appendix becomes effective, the union shall have the option to put forth other alternatives that will provide savings at least equivalent to those that would result from the implementation of this Appendix and EPSCA will consider all such alternatives. Failure to agree to an acceptable alternative will result in the continued application of this Appendix.

If EPSCA provides an incentive to the Millwright Regional Council of Ontario to obtain the agreement of this Appendix within the Millwright Agreement, then EPSCA shall make available the same incentives to the unions that have become bound to this Appendix. This “me too” is effective only for the duration of the collective agreement and will expire on April 30, 2020.

When an employee is assigned to, and working as a member of, a composite crew with one or more employees working under the Carpenter Collective Agreement who is also working under provisions of the applicable 7 Day Coverage of the Carpenter Collective Agreement (7 Day Coverage), he or she shall receive the same premium pay treatment as the Carpenter for regular scheduled hours for Saturday and Sundays.

The above paragraphs do not change the existing language in the 7 Day Coverage Appendix for non-Nuclear sites.

APPENDIX B

7 DAY COVERAGE – Nuclear Sites Only

This shift schedule is intended for work greater than four (4), eight (8) day cycles (32 days) in duration, however, it is recognized that unforeseen circumstances may require the cancellation of this schedule.

If in the transition onto or off this 7-day shift schedule an employee would receive less than 40 paid hours in a pay period, the employee shall receive the difference between the total paid hours for that pay period and 40 hours pay. This does not apply to those employees who are laid off during or at the end of the schedule.

The employee(s) shift schedule consists of four consecutive shifts (day, afternoon, or night) followed by four scheduled days off. Shift overlap may be required.

Shift work may be established by the employer to provide seven days per week work coverage, on a one, two, or three shift per day basis. When this occurs, a specific shift arrangement will be established by the employer detailing the shift schedule to be worked. The employer will provide the Union with seven (7) calendar days' notice prior to the implementation of these shift provisions.

First Shift (Day Shift)

Regularly scheduled hours of work of ten (10) hours per shift Monday to Friday inclusive shall be paid at straight time hourly rates.

Second Shift (Afternoon Shift)

Regularly scheduled hours of work of ten (10) hours per shift Monday to Friday inclusive shall be paid at straight time hourly rates plus the applicable shift differential per the collective agreement.

Third Shift (Night Shift)

Regularly scheduled hours of work of ten (10) hours per shift Monday to Friday inclusive shall be paid at straight time hourly rates plus the applicable shift differential per the collective agreement.

All Shifts

Regularly scheduled hours of work on Saturday and Sunday shall be paid at one and a half times the straight time hourly rate.

Statutory and Recognized Holidays shall be paid at two times the straight time hourly rate. Recognized Holidays will be observed on the actual day on which the holiday occurs or as declared by legislation.

The rate for the shift will be based on the day in which the shift begins.

An unpaid lunch period of one-half hour shall be allowed to be taken no later than five hours after the commencement of a shift.

For employees working regularly scheduled hours, two fifteen (15) minute rest periods will be allotted at a time and location directed by the employer for employees to rest.

It may be necessary, from time to time, to vary the established shift arrangements. When this occurs, a revised shift arrangement will be established.

Overtime will be in accordance with the provisions of the collective agreement.”

APPENDIX C

RE: Negotiation for Major Refurbishments/Outages

During the course of this Collective Agreement the parties will meet and negotiate terms and conditions for Nuclear sites that will establish the framework for Major Refurbishments and/ or Outages. All changes must be mutually agreed upon.

This Appendix will come into effect at the date of the successful completion of those negotiations and will form part of the IBEW/EPSCA Agreement.

LETTER OF UNDERSTANDING #1

Employment Referrals

It is agreed by the parties to this understanding that, prior to any member being referred for employment, the member must submit to a security check. Only members who successfully obtain security clearance will be referred to the facility for employment. Once these referrals have been hired on, they will be paid fifty (\$50.00) dollars on their first week's pay cheque, in consideration of their time spent filling out the security clearance forms.

The Union will be notified, as soon as possible, whether or not an individual has successfully obtained security clearance. This pre-clearance process does not prohibit the Union from filing a grievance against the Employer on behalf of any member who is refused employment due to his/her failure to obtain security clearance.
