SECTION 4 WORK ASSIGNMENT

- 400 Advance Notice A. EPSCA will endeavour to advise the Union of all new major work and, all sub-contracted work which comes under the scope of the Agreement.

- A. Regular mark-up meetings will be conducted for new major Transmission Systems Division, major Miscellaneous Projects work and all subcontracted construction work at times appropriate for the work in progress subject to the following.

When work is to be performed on a project site* and it meets the following criteria; same employer, same work, same project site, the mark-up process will not be required. This procedure shall not preclude the Union's right to contest previously disputed work.

When a Contractor or a Sub-contractor has work that is less than three (3) weeks in duration and there are ten (10) or fewer employees covered by the EPSCA Collective Agreements employed on this specific work, the Union will be notified of the scope of work and the Employer's proposed work assignments.

The Union will have two (2) weeks from the date of notification to submit jurisdictional claims and supporting evidence to the Employer for consideration. The Employer will notify the Union of the final work assignments prior to the commencement of the work.

The purpose of these mark-up meetings is to indicate to the Union the work which is about to be carried out by the Employers in order to minimize the potential for jurisdictional disputes. New work assignments will be made as outlined in the Procedural Rules and Regulations of the Plan for the Settlement of Jurisdictional Disputes in the Construction Industry.

EPSCA or the Employer with the approval of EPSCA will provide written notice to the Union as far in advance as possible of mark-up meetings.

The Union will attend these mark-up meetings, and every effort will be made to settle questions of jurisdiction before the dates that Management indicates the work is expected to commence.

- B. The jurisdiction of the Union shall be that jurisdiction established by agreements between International Unions claiming the work or decisions of record recognized by the AFL-CIO for the various classifications and the character of work performed.
- C. In the event that a jurisdictional dispute arises over a work assignment, the Employer will make an assignment for the work to be done. Such assignment will remain in effect until the dispute is resolved and will not interfere in any way with the progress of the work. Jurisdictional disputes will not be the subject of a grievance under this Collective Agreement.

* For the purposes of this Section, Lines and Stations will be considered a single project site.

402
Jurisdictional
Disputes

- A. In the event that a jurisdictional dispute arises over a work assignment, the Employer will make an assignment for the work to be done. If any Union or Unions disagree with such a work assignment, the parties will settle such jurisdictional dispute in accordance with procedure as outlined by the Plan for the Settlement of Jurisdictional Disputes in the Construction Industry, or any successor thereto.
- B. In the event that a jurisdictional dispute cannot be settled on a local basis by the Unions involved, it shall be submitted to the International Unions involved for settlement without permitting it to interfere in any way with the progress of the work at any time. In the event the dispute is not settled by the International Unions involved, it shall then be submitted to the Plan for the Settlement of Jurisdictional Disputes in the Construction Industry for resolution. The International Representative of the Union will advise EPSCA in writing of his intent to submit a jurisdictional dispute to the Plan for the Settlement of Jurisdictional Disputes in the Construction Industry and will identify in detail the work in question. The decision of the Plan for the Settlement of Jurisdictional Disputes in the Construction Industry will be final and binding to the parties to this Agreement.
- C. EPSCA, or the Employer with the approval of EPSCA, shall have direct recourse to the Plan for the Settlement of Jurisdictional Disputes in the Construction Industry when the Plan for the Settlement of Jurisdictional Disputes in the Construction Industry has under its consideration a dispute involving the assignment of work being done by employees who are covered by this Agreement.

SECTION 5 UNION RIGHTS AND REPRESENTATIVES

500
Accredited Union
Representatives

- A. The Union will designate Union representatives as Accredited Union Representatives to handle the day-to-day administration of this Agreement on the basis of not more than two representatives from the Union for each Superintendent. The Union will notify the General Manager of EPSCA in writing of the names of such Union representatives, or alternates in the event of illness or unavailability, so that they may be issued identification cards to permit entry to work locations. Upon entering the work location, such representatives after identifying themselves to the EPSCA Representative and the authorized representative of the employer, will be free to observe the progress and conduct of the work and to conduct normal Union business associated with the administration of this Collective Agreement. The Union undertakes that these representatives will not unduly interfere in any way with said work.

501
Union Stewards

- A. The Accredited Union Representative reserves the right to appoint or remove a Steward or Stewards on any construction site where workmen are employed under the terms of this agreement. If a Steward is transferred to another construction site, he will continue to be recognized as a Steward unless there is another Steward on that site. In such cases, the

transferred Steward will not be recognized unless the Employer is notified by the Union.

- B. The EPSCA Representative and the Employer shall be notified in writing when a Steward or Chief Steward is appointed and when such Stewards cease to act as Stewards.
- C. The Steward will be responsible for his regularly assigned work on behalf of his Employer.
- D. Such Stewards shall be allowed sufficient time to see that the provisions of this Agreement are observed.
- E. No Steward shall be discriminated against by the Employer because of the performance of his duties as a Steward.

Provided he is qualified to do the work, a Steward who is working in a work group where overtime is being worked on Saturdays, Sundays or Recognized Holidays shall be given the first opportunity to work.

- G. Where appropriate and where more than one Steward is required, one Steward shall be appointed Chief Steward.
- H. The Chief Steward, providing he is qualified to perform the work, shall not have his employment terminated or be transferred without the consent of the Accredited Union Representative until as near as possible to the completion of the job, unless with just cause. Where an Employer has only one Steward appointed for a job, such Steward will receive the same consideration given a Chief Steward as noted above.
- I. The Employer shall notify the Union prior to transferring a Steward to another Superintendent.

502
Certified Health &
Safety
Representatives

- A. Any worker acting as the designated certified Health & Safety Representative or certified alternate as defined by the Occupational Health & Safety Act shall be treated the same as Chief Stewards for purposes of lay-off. Providing he is qualified to perform the remaining work, the designated certified Health & Safety representative or certified alternate shall be the last to be laid off prior to the Chief Steward.
- B. If management feels that any Health and Safety representative is not discharging his health and safety duties in a manner that follows the intent and spirit of the legislation, the Employer may refer the issue to the Executive Committee referred to in Section 15 for resolution. If the matter

cannot be resolved by the Executive Committee, the grievance procedure may be invoked.

SECTION 6 EMPLOYEE DESIGNATION

600
Foremen and
Subforemen

- A. It is understood that foremen and subforemen hold responsible positions in the relationship between the Employers and the Union. Both parties agree that every effort should be made to recruit and retain foremen and subforemen who have a high degree of efficiency in the performance of their jobs and in the handling of their men. Recognizing the responsibilities involved in being a supervisor and a member of the Union, the Employers and the Union will make every effort to minimize problems that may arise which concern the relationship between the foremen and subforemen, the Employers, and the Union.
- B. The parties recognize the responsibilities of foremen and subforemen to discharge their managerial duties. If the Union feels that the foreman or subforeman is not discharging his managerial duties in a manner that is fair and equitable, or if an Employer feels that the Union is interfering with the foreman or subforeman in the performance of his managerial duties, the Employer or the Union may refer the problem to the Executive Committee referred to in Section 15 - Committees, Subsection 1500 - Executive Committee, for resolution. If the matter cannot be resolved by the Executive Committee, the grievance procedure may be invoked by either party.
- C. The selection of foremen and subforemen will be the responsibility of the Employers. When making appointments to the foremen and subforemen levels, the Employers will give consideration to those employees they presently employ, however, this consideration does not create an obligation to make an appointment from these employees. The retention of foremen will be the exclusive right of the Employers.
- D. Such foremen and subforemen shall be members of the IBEW and shall register in person or electronically at the Union office and shall be issued with clearance cards. The Employer may proceed with the employment of the foreman/subforeman if clearance has not been provided within three (3) working days unless the employee's union dues are in arrears.
- E. In the interest of efficiency and productivity, the Employer shall have the right to move foremen and subforemen from construction site to construction site.
- F. The rates of pay for all foremen and subforemen covered by this Agreement will be set forth in the current wage schedules. EPSCA will provide the Union with current wage schedules.

The Union will issue clearance cards to tradesmen hired in these circumstances. Non-members referred in this situation will be considered permit holders and the Union will notify the Employer when permit holders are referred.

Travel-card members may be replaced by Local Union members and permit holders may be replaced by Local Union members after three (3) working days' notice to the Employer but in no case until such travel-card members or permit holders have worked a minimum of one (1) month. B. In all cases of layoff the Employer shall layoff its employees in the following sequence:

- (i) Permit holders;

The arbitration board, when selected or appointed, will proceed as soon as practicable to hear and determine the dispute and it shall issue a decision which is final and binding upon the parties and upon their respective members. The decision of a majority is the decision of the arbitration board, but if there is no majority, the decision of the Chairman governs.

- B. The arbitration board shall have no power to add to or subtract from or modify any of the terms of this Agreement. The arbitration board shall not substitute its discretion for that of the parties except where the board determines that an employee has been discharged or otherwise disciplined for cause when this Agreement does not contain a specific penalty for the infraction that is the subject matter of the arbitration. In such cases, the arbitration board may substitute such other penalty for the discharge or discipline as to the arbitration board seems just and reasonable in all circumstances. The arbitration board shall not exercise any responsibility or function of the parties. The arbitration board shall not deal with any matter not contained in the original statement of grievance filed by the party referring the matter to arbitration.
- C. In arbitration proceedings, each party shall pay the fees and expenses of its nominee, whether appointed by the party or by the Minister of Labour for Ontario, and the fees and expenses of the Chairman shall be shared equally by the parties.
- D. The time limits as to both documents and procedure set out in this Subsection shall be observed by the parties to this Agreement provided, however, that the parties may mutually agree in writing in respect to an extension or waiver of any of the time limits imposed.

To satisfy the hiring concerns of employers, and in particular the hiring requirements for electricians doing station work, it is understood that experience and safety knowledge are necessary qualifications to be considered when matching tradesmen with work requirements.

For example, substation work requires tradesmen who have substation experience whether acquired on an Ontario Hydro site or in an industrial plant.

Re: De Novo:

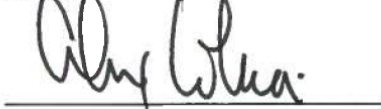

In support of the objectives of the De Novo Treatment Centre ("De Novo"), it is agreed by the parties that both EPSCA and the Union (with the exception of Locals 115 and 586) will each contribute two cents (\$0.02) for every man hour worked to De Novo for the term of this agreement.
