COLLECTIVE AGREEMENT

by and between

**THE ELECTRICAL POWER SYSTEMS CONSTRUCTION ASSOCIATION
(hereinafter called "EPSCA")**

and the

**INTERNATIONAL ASSOCIATION OF HEAT AND FROST
INSULATORS AND ALLIED WORKERS
(hereinafter called the "Union")**

WHEREAS EPSCA is an Association formed to represent Employers in collective bargaining and on their behalf enter into collective agreements covering those of their employees in the bargaining unit as hereinafter defined;

AND WHEREAS the Union and the Association desire to mutually establish and stabilize wages, hours and working conditions for journeymen and apprentices employed by Employers within the Electrical Power Systems Sector of the construction industry, in the Province of Ontario and further to encourage closer co-operation and understanding between the Association and the Union to the end that a satisfactory, continuous and harmonious relationship will exist between the parties to this Agreement;

NOW THEREFORE the parties hereby agree as follows:

Article 1

RECOGNITION

1.1 EPSCA recognizes the Union as the exclusive bargaining agency for a bargaining unit comprising employees as defined in Article 1.3 engaged in all construction industry work* performed in the Province of Ontario on Ontario Power Generation Inc., Bruce Power LP and Hydro One property for the bulk power system, save and except the building of commercial-type office facilities at urban locations remote from operating facilities.

For the purpose of clarity, the bulk power system comprises generating stations, hydraulic works, heavy water facilities, transmission lines (voltages over 50 kV), transmission stations, microwave and repeater stations.

1.2 The Union recognizes EPSCA as the exclusive bargaining representative for all Employers in respect of work performed by their respective employees in the bargaining unit set forth in Article 1.1.

1.3 The term "employee" shall include all employees of the Employers in the classifications set out below:

Insulating Mechanic
Apprentice
Temporary Help
Subforeman
Foreman
Working Foreman

1.4 Working Foreman

When the crew size is five (5) or less, including the foreman, the foreman may be required to work with the tools of the trade.

1.5 The term "Employers" shall include individual members of EPSCA and any company, partnership, sole proprietorship, joint venture, contractor, subcontractor or any person that is bound by the terms and conditions of this Agreement.

1.6 EPSCA and the Union agree that the use of nomenclature is meant to refer to both genders.

Article 2

FOREMEN

2.1 It is understood that foremen hold a key position in the relationship between the Employers and the Union. Both parties agree that every effort should be made to recruit and retain foremen who have a high degree of efficiency in the performance of their jobs

and in the handling of their men. Recognizing the responsibilities involved in being a supervisor and a member of a Union, the Employers and the Union will make every effort to minimize problems that may arise which concern the relationship between the foremen, the Employers and the Union.

- 2.2 Foremen are the first level of management supervision and, as such, are management representatives. In this capacity, they will exercise duties and responsibilities, as established by their Employers, and will not work with the tools of the trade, except as provided for in the working foreman classification.

The parties recognize the responsibility of foremen to discharge their managerial duties. If the Union feels that a foreman is not discharging his managerial duties in a manner that is fair, equitable and without bias, or if an Employer feels that the Union is interfering with a foreman in the performance of his managerial duties, the Employer or the Union may refer the problem to the Project Committee for resolution. If the matter cannot be resolved by the Project Committee, the grievance procedure may be invoked by either party.

- 2.3 The selection and retention of foremen will be the responsibility of the Employers. When making appointments to the foreman level, the Employers will give consideration to those journeymen they presently employ. The appointment of foremen in charge of composite or mixed crews will take into account the nature of the work to be done.

2.4 Wages

The rates of pay for foremen shall be the greater of:

- (i) \$3.00 per hour above the journeyman rate (\$3.50 per hour above the journeyman rate effective October 26, 2013; \$4.00 per hour above the journeyman rate effective May 1, 2014) or
- (ii) the Employer's current practice; or
- (ii) the rate negotiated in appropriate local agreements.

2.5 Mobility

To maintain efficiency and productivity, an Employer shall have the right to move foremen from construction site to construction site, as determined at the pre-job conference.

2.6 Tools and Clothing

On a charge-out basis, the Employer shall supply foremen with protective clothing appropriate for the conditions under which the work is being done.

Foremen shall be accountable, but not liable, for gang tools used by their crew.

Article 3

ACCREDITED UNION REPRESENTATIVES

- 3.1 The senior representative of the Union will designate local union representatives as Accredited Union Representatives to handle the day-to-day administration of this Agreement on the basis of not more than two representatives for each Major Project. The Union will notify EPSCA and/or the Employer, in writing, of the names of such Union representatives, or alternates in the event of illness or unavailability, so that they may be issued identification cards to permit entry to the site. Such representatives, after identifying themselves to the Employer representative upon entering the job site, will be free to observe the progress and conduct of the work and to conduct normal union business. The Union undertakes that these representatives will not hinder or interfere in any way with the said work.
- 3.2 An Accredited Union Representative may be appointed by the International Representative to be his designate in matters requiring the involvement of the International Representative.

The International Representative will inform EPSCA, in writing, of the name, duration of appointment and function of such designate.

Article 4

UNION STEWARDS

- 4.1 Accredited Union Representatives shall inform the appropriate EPSCA Representative and the Employer of the steward, in writing, of the names of all stewards, one of whom shall be designated Chief Steward, as they are appointed and when they cease to act as stewards. A steward, other than a Chief Steward, shall exercise his duties only in respect to employees of his Employer. A Chief Steward, in order to carry out his duties in respect to employees of other than his Employer, shall first involve the EPSCA Representative. Any steward shall obtain permission from his immediate supervisor before leaving his work area for union business. Such permission shall not be unreasonably denied.

Except at Bruce Nuclear Power Development (BNPD):

Only in situations where an accredited Union Representative is unable to attend pre-job and/or mark-up meetings, may the Chief Steward be designated and attend, as part of the Chief Steward's duties, on behalf of the accredited union representative.

- 4.2 The Union shall receive written notice before the employment of a steward is terminated by his Employer, and provided the steward is able to perform the work required, he will be the last employee to be retained by his Employer in a layoff/standoff situation.

- 4.3 The Chief Steward will be informed of all overtime and shall be given the opportunity to work. In the event he declines the work he shall be responsible to designate a steward to work the overtime who is qualified to perform the available work.
- 4.4 No foreman or subforeman shall be permitted to act as a steward.

Article 5

ADVANCE NOTICE

- 5.1 EPSCA will advise the Union of all new Generation Station Projects and Hydro One - Lines and Stations Construction Projects coming under the provisions of this Agreement for the construction field forces of the Employers.

Upon the request of the Union, EPSCA will convene a prejob conference before work commences to discuss preliminary details of the proposed work to be performed and to establish conditions in accordance with this Agreement for the project. EPSCA will record the minutes of prejob conferences and forward them within fifteen (15) working days to the Union.

- 5.2 Subsequent prejob conferences will be convened by EPSCA before specific portions of work commence to discuss the final details of the work and to establish conditions in accordance with this agreement for that work.
- 5.3 EPSCA will provide written notice to the Union as far in advance as possible of new work and prejob conferences as noted in Articles 5.1 and 5.2 above. For work of less than one week's duration and requiring five (5) or less employees, prejob meetings must be arranged with as much advance notice as possible by the office of the General Manager of EPSCA, but without formal notice, in writing, unless the prejob meeting has been waived by the parties.

Article 6

WORK ASSIGNMENT

- 6.1 The jurisdiction of the Union shall be that jurisdiction established by Agreements between International Unions claiming the work or Decisions of Record recognized by the AFL-CIO for the various classifications and the character of work performed, having regard for the special requirements of thermal, nuclear or hydraulic generation and transmission and transformation construction. An Agreement or Decision of Record is one that is published by the Building and Construction Trades Department, AFL-CIO (Agreement and Decisions Rendered Affecting the Building Industry).

Where no Decision or Agreement applies, the Employer agrees to consider evidence of established practices within the industry when making jurisdictional assignments.

- 6.2 (a) A markup process will be utilized when an Employer intends to perform work on a project site*. The purpose of this markup process is to indicate to the Union the work which is planned to be carried out by the Employer in order to minimize the potential for jurisdictional disputes.
- (b) When work is to be performed on a project site and it meets the following criteria: same employer, same work, same project site, the markup process will not be required. This procedure shall not preclude a Union's right to contest previously disputed work.

In the Electricity Production Zones when work falls within this criteria EPSCA and/or the Employer will send out a "Notification of Work" along with a copy of the original minutes of mark-up meeting(s) to the Local Unions prior to work commencing. This procedure shall not preclude the Union's right to contest previously assigned work, if the work is in a Local Union jurisdiction other than the one it was marked up in.

- (c) When an Employer has work that is less than a 3 week duration and there are ten (10) or fewer employees covered by EPSCA Collective Agreements employed on this specific work, the Union will be notified of the scope of work and the Employer's proposed work assignments. The Union will have two (2) weeks from the date of notification to submit jurisdictional claims and supporting evidence to the Employer for consideration. The Employer will notify the Union of the final work assignments prior to the commencement of the work.
- (d) All work that does not meet the criteria set out in clauses 6.2(b) or 6.2(c) will be reviewed and assigned at a markup meeting.
- (e) EPSCA and/or the Employer will provide written notice to the Union as far in advance as possible of markup meetings. The Union may attend these markup meetings, and every effort will be made to settle questions of jurisdiction before the work is expected to commence.
- (f) The Employer who has the responsibility for the work shall make a proposed assignment of the work involved. The Employer shall be responsible for providing copies of proposed assignments to the Unions in attendance at the markup meeting. The Employer will specify a reasonable time limit for the Unions involved to submit evidence of their claims. The Employer will evaluate all evidence submitted and make a final assignment of the work involved. This final assignment will be in accordance with the procedural rules established by the Plan for the Settlement of Jurisdictional Disputes in the Construction Industry. The Employer will advise the Unions of the final assignments prior to the work commencing.
- (g) EPSCA and/or the Employer will record the proposed assignments and jurisdictional claims and forward a copy of them within fifteen (15) working days to the Unions.
- (h) The parties recognize that circumstances may arise, particularly with discovery and emergency work, where the process set out above may not be practical or

possible, however reasonable effort will be made by the Employer to adhere to the appropriate trade jurisdiction.

- * ***For the purposes of this Article, Nanticoke, Lambton, Lakeview/Hearn, BNPD, Pickering, Darlington, Hydro One (Lines and Stations) and the five (5) Electricity Production Zones are each considered individual project sites***

Article 7

JURISDICTIONAL DISPUTES

- 7.1 (a) In the event there is a jurisdictional dispute which cannot be settled on a local basis by the Unions involved, it shall be submitted to the International Unions involved for settlement without permitting it to interfere in any way with the progress of the work at any time.

Any Union shall have the right to elect to pursue or respond to any jurisdictional disputes at the Plan for the Settlement of Jurisdictional Disputes in the Construction Industry. In the event the Union elects to pursue or respond to the jurisdictional disputes at the Plan for the Settlement of Jurisdictional Disputes in the Construction Industry, clauses 7.1(b), 7.2, 7.3, and 7.4 will apply.

In the event another Union (or other Unions) not signatory to this collective agreement has (have) the option to pursue jurisdictional disputes at the Ontario Labour Relations Board, the Union shall have the right to pursue or respond to any jurisdictional disputes at the Ontario Labour Relations Board when these Unions are involved in the jurisdictional dispute.

In the event the Union elects to pursue or respond to the jurisdictional dispute at the Ontario Labour Relations Board, clauses 7.1(b), 7.2, 7.3, and 7.4 will NOT apply.

- (b) In the event that a jurisdictional dispute arises over a work assignment, the Employer will make an assignment for the work in dispute in accordance with the Procedural Rules and Regulations of the Plan for the Settlement of Jurisdictional Disputes in the Construction Industry. Any Union which protests that a contractor has failed to assign work in accordance with the procedures specified above, shall remain at work and process the complaint through its international office. The parties will settle such jurisdictional dispute in accordance with procedure as outlined by the Plan for the Settlement of Jurisdictional Disputes in the Construction Industry of the Building Trades Department, AFL-CIO or any successor agency of the Impartial Jurisdictional Disputes Board authorized by the Building Trades Department.
- 7.2 In the event the dispute is not settled by the International Unions involved, it shall then be submitted to the Administrator of the Plan for the Settlement of Jurisdictional Disputes in the Construction Industry for resolution. In the event that the International

Office of the Union elects not to file with the Plan for the Settlement of Jurisdictional Disputes in the Construction Industry, EPSCA agrees to file the dispute at the Plan for the Settlement of Jurisdictional Disputes in the Construction Industry at the request of the International Representative of the Union. Those Unions and Employers involved shall advise the Union and EPSCA respectively, in writing, of an intent to submit a jurisdictional dispute to the Impartial Jurisdictional Disputes Board and will identify the work in question. An arbitration decision under the Plan for the Settlement of Jurisdictional Disputes in the Construction Industry will be final and binding to the parties to this Agreement with no further recourse to the Ontario Labour Relations Board on the issue decided by the Plan for the Settlement of Jurisdictional Disputes in the Construction Industry.

- 7.3 EPSCA, on behalf of the Employer, shall have direct recourse to the Plan for the Settlement of Jurisdictional Disputes in the Construction Industry when the Plan for the Settlement of Jurisdictional Disputes in the Construction Industry has under its consideration a dispute involving the assignment of work being done by employees who are covered by this Agreement.
- 7.4 In the event that an arbitration decision under the Plan for the Settlement of Jurisdictional Disputes in the Construction Industry is not rendered within sixty (60) days of the disputed assignment being referred to the Plan, EPSCA and/or the Union shall have recourse to the Ontario Labour Relations Board for a decision provided it is processed as a jurisdictional dispute.
- 7.5 When a jurisdictional dispute exists in the electrical power systems sector, upon request by the International Representative of either of the Unions involved, Employers shall furnish the International Representative with a letter from a duly authorized official of the Employer on the Employer's stationery, stating that the Union requesting the letter was employed on specific types of work on a given project. The Union requesting the information will supply the Employer with the name of the other Union involved in the dispute and the Employer will provide that Union's International Representative with a copy of the letter being given to the requesting Union.

When a jurisdictional dispute exists in the electrical power system sector between Unions and upon written request by the International Representative of the Union, the Employer shall supply the International Representative of the Union involved with a copy of the evidence submitted by the other Union(s) involved along with drawings and/or prints plus a description of the work or process in dispute.

- 7.6 In the event the Union elects to pursue or respond to the Jurisdictional Dispute at the Ontario Labour Relations Board as governed by 7.4 above, the arbitration board panel appointed by the Ontario Labour Relations Board pursuant to the Act is not authorized to award damages in respect of a mis-assignment of work only in circumstances where the other union(s) involved in the proceedings is (are) equally restricted in their ability to claim for damages. However this clause 7.6 shall not apply where the Jurisdictional Dispute and the mis-assignment of work involves the same employer and the same work, and on the same job previously the subject of a Jurisdictional Dispute before the Ontario Labour Relations Board or the Plan for the Settlement of Jurisdictional Disputes in the Construction Industry.

- 7.7 The board panel appointed by the Ontario Labour Relations Board will govern its decision pursuant to its normal criteria.
- 7.8 In the event the Union elects to pursue or respond to the Jurisdictional Dispute at the Ontario Labour Relations Board as governed by 7.4 above, the decision of the panel of the Ontario Labour Relations Board will be final and binding upon the parties to this agreement with no further recourse to the Plan on the issue decided by the Ontario Labour Relations Board.
- 7.9 Assignments made with respect to critical path or emergent work of a de minimus nature will not be subject to jurisdictional disputes. However, such assignments must adhere to Ontario Health and Safety Act (OHSA) regulations.

Article 8

UNION SECURITY

8.1 UNION MEMBERSHIP

(a) Employees

As a condition of employment, all employees covered by this Agreement shall either be members of, or will apply for membership in the Union within seven (7) days of employment. It shall also be a condition of continued employment that employees maintain their union membership in good standing.

(b) Foremen

As a condition of employment, all foremen covered by this Agreement shall either be members of, or will apply for membership in the Union within seven (7) days of employment. It shall also be a condition of continued employment that foremen maintain their union membership in good standing.

8.2 CHECKOFF

- (a) The Employers shall deduct union initiation fees and dues from their employees' and foremen's wages. Such fees and dues will be deducted weekly or monthly and transmitted to the designated officials of the Union, on or before the 15th day of the month following the month in which deductions are made, together with full checkoff lists of employees and foremen subject to checkoff.

The Union shall indemnify the Employers for any liability arising from the deduction of initiation fees and dues.

- (b) The Union, through its International Office, will notify EPSCA, in writing, of the appropriate initiation fees and Union dues and of any changes to such fees and dues. Upon receipt of acceptable written notice, any changes to such fees and

dues will be implemented. The effective date will be the date of implementation.

The Employer will check off initiation fees on receipt from the Union of authorization signed by the employee.

8.3 Dues deduction to be based on cents per hour paid.

Regardless of the option selected, the Employer will only remit monies to a single location. Any redistribution is the responsibility of the Union. By mutual agreement with the Union, an Employer may elect to continue current administrative practices relative to the deduction of union dues.

Article 9

BENEFITS

9.1 The Employer agrees to pay into operative welfare, pension and supplementary unemployment benefit plans the amount specified for welfare, pension, and supplementary unemployment benefits as set forth in the wage schedules, attached hereto, for employees covered by this agreement.

9.2 The Union agrees to supply the Employer with all information regarding the welfare, pension and supplementary unemployment benefit plans and also all administrative material that is required for the implementation of them.

9.3 Any changes in welfare, pension or S.U.B. plan contributions recognized under this Agreement will be confirmed, in writing, by the Union to EPSCA before such changes are put into effect.

Wage schedule, dues and remittance changes are to be provided in writing to EPSCA and changes shall only take place during the months of March of each calendar year. The effective date of such changed wage schedules, dues and remittances shall be the date of issuance. Should the welfare or pension plan contributions change during the term of this Agreement, then an adjustment may be made to the base rate. The total wage package will not be changed.

9.4 In the event an Employer is more than fifteen (15) days in arrears of the requirement to forward contributions and/or deductions to the Trustees by the fifteenth of the month following, the Employer shall pay as liquidated damages and not as a penalty an amount equal to two (2%) percent (equivalent to 24%) per annum for each month or part thereof that the contributions and/or deductions are in default for greater than fifteen (15) days provided the Employer has received five (5) days' written notice to correct such default. The trustees may require a delinquent Employer to pay for the costs, legal or otherwise, of collecting the amount owing, as outlined in the operative benefit plan trust documents.

9.5 The Trustees of the Employee Benefit Plans referred to in this Collective Agreement shall promptly notify the Union of the failure by the Employer to pay any employee benefit contributions required to be made under this Collective Agreement and which

are owed under the said plans in order that the program administrator of the Employee Wage Protection Program may deem that there has been an assignment of compensation under the said program in compliance with the Regulation to the Employment Standards Amendment Act, 1991 in relation to the Employee Wage Protection Program.

Article 10

EMPLOYMENT

- 10.1 (a) For purposes of this Article, a geographic area will be established for each Major Project. The size of these geographic areas will be dependent upon the location of the work and the trade concerned.
- (b) The boundaries of the geographic areas will be jointly established at prejob conferences.
- 10.2 An office will be established by the Employer for each Major Project. A purpose of this office will be to co-ordinate employment as specified in this Article.
- 10.3 The Employer and the Union will exchange the names of their representatives in each of the areas described in 10.1(a), who will be responsible for co-operating in the referral and employment of reliable and competent union members.
- 10.4 The Employer will notify the Union of future manpower requirements for all employees coming within the scope of this Agreement.
- 10.5 The Employer reserves the right to transfer employees throughout Project sites within the Electrical Power Sector without penalty to hiring hall ratios.
- For Bruce Power Only:
- a. For employees transferred to Bruce Power from another Nuclear site, 75% may be transferred and 25% will be from the local hall and a resident in the area
- b. For employees transferred to Bruce Power from a non-nuclear site in the Electrical Power Sector or from another sector, 50% may be transferred and 50% will be from the local hall and a resident in the area
- c. The ratios in (a) and (b) above will only be in force providing the local hiring hall can supply
- 10.6 The employment of additional tradesmen and apprentices, excluding key tradesmen and employees transferred to the project, shall be carried out on the following basis and sequence:
- (i) Referrals from the out of work list up to the number of transferred employees

- (ii) Fifty percent (50%) name-hire from the local municipal hiring hall
- (iii) The Employer will request the local union office for tradesmen and apprentices required. The request will include a description of the work, the number of qualified tradesmen and apprentices required, and the name of the Employer for whom the tradesmen and apprentices will be working.
- (iv) The Union members who are resident in the designated geographic area will be referred by the Union for employment. As much as their out-of-work lists will permit, the Unions will supply members on a fan-out basis from the project or work location.

The Employers will either hire such persons or substantiate their reasons, in writing, for not doing so.

The Union will co-operate with the Employer and advise of the name, address and telephone number of members being referred for work as soon as they are known.

- (v) If, after a request has been made, the Union is unable to supply sufficient tradesmen and apprentices to meet the manpower requirements of the Employers, the Employers may employ tradesmen and apprentices who are resident within the geographic area. Such tradesmen and apprentices shall comply with the requirements of Article 8 of this Agreement. The Employer shall promptly notify the Accredited Union Representative, in writing, of the names, addresses, date of hire, social insurance numbers, telephone numbers, job location and classification of the persons hired.
- (vi) Once the supply of suitable tradesmen and apprentices within the geographic area has been exhausted and additional tradesmen and apprentices are required, the Employer will contact the International Representative for the trade concerned, or his designee, in order to determine whether suitable union tradesmen and apprentices are available outside of the geographic area. The Employer will co-operate in providing employment to such union tradesmen and apprentices on the basis that they be supplied from the nearest location where they are available.

10.7 Notwithstanding the provisions of Articles 10.5 and 10.6, re-employment as required by the Workers Compensation Board shall not be a violation of this collective agreement nor be subject to the provisions of Articles 27 and 29.

10.8 If the Local Union hiring practice in the ICI sector exceeds the percentage of the Employer selection through name hires, transfers or recall in this collective agreement, Employers under this collective agreement will be entitled to the same percentage in their hiring.

10.9 An employee who voluntarily terminates their employment with an Employer on an EPSCA site shall not be entitled to be referred to another Employer on the same site for a period of thirty (30) days unless both Employers agree.

- 10.10 In Nuclear, the Employer reserves the right to recall any available trained Employee during a 12 month period from the date of layoff.
- 10.11 The hired employee agrees to work in an efficient, competent and productive fashion, in mindful stewardship of their costs to the Employer.
- 10.12 Absenteeism will not be tolerated. Employees who miss regular time may be excluded from the opportunity to work overtime.

Article 11

EMPLOYMENT - EMERGENCY SITUATIONS

- 11.1 When the Union has failed to supply the required number of competent and qualified employees (including the appropriate term apprentices for asbestos removal) after two (2) working days following a written request by an Employer, the Employer may declare that an emergency situation exists. Notice of such declaration shall be made, in writing, or by telegram to the Union.

When an emergency situation is declared the Employer shall have the right to procure workmen from available sources other than the Union on jobs located within the geographic jurisdiction of the Union. Immediately upon being hired, such employees shall be classified as temporary help.

- 11.2 An emergency situation shall be deemed terminated when the Union has notified the Employer of the Union's ability to fulfill the Employer's manpower requirements. The Employer shall agree to hire such available Union members and agree to lay off temporary help within two (2) working days of such notice.
- 11.3 The Employer shall notify the Union each time a temporary employee is hired. Upon receiving such notice the Union will immediately issue referral cards to the Employer on behalf of such employees.

Article 12

EMPLOYMENT - ASBESTOS REMOVAL OPERATIONS

- 12.1 Asbestos removal work shall be performed by crews of mechanics and apprentices maintaining a one (1) to five (5) ratio. The first hire must be a mechanic. Every crew of five (5) apprentices shall consist of a maximum of one (1) 4th year, and a minimum of two (2) 1st year (or 2 temporary helpers). Any deviation from the above mix must be approved in advance by the Employer representative.
- 12.2 If the total crew size is less than six (6) on any job, the apprentice crew mix will be mutually agreed upon by the Union and Employer representative.

- 12.3 In the event the Union is unable to provide the required manpower as provided in the above paragraph, Article 11 of this Agreement will apply.

Article 13

* ***An employee's 'regular residence' is:***

The place where the employee maintains a self-contained, domestic establishment (a dwelling house, apartment or similar place of residence where a person generally eats and sleeps and for which he can show proof of financial commitment). This is in contrast to a boarding house facility which is not self-contained; and

The employee normally resides in the residence except for those periods of time when, because of the location of the work, the employee is forced to obtain temporary accommodation at that work location.

- (c) To qualify for subsistence allowance an employee must maintain temporary accommodation at or near a project. TOOLS AND CLOTHING

- 33.1 An employee shall be required to provide himself with the ordinary hand tools of his trade as specified in the tool list attached hereto. Each Employer will provide, insofar as is practical, separate facilities for storing the tools of each trade, but shall not be held responsible for losses, except as noted hereunder:
- (a) When personal tools valued in excess of \$15.00 are lost due to fire, the Employer will consider the full estimated value on the merit of each case in determining replacement or payment. This will include only personal tools that a tradesman is required to have to perform his normal duties with his Employer.
 - (b) Each Employer will compensate his employees for ordinary hand tools and clothing lost by theft from locked storage provided by him for his employees. Claims must be submitted, in writing, and must provide substantiating evidence of forcible entry to locked storage. Payment or replacement for personal clothing lost by theft on the work site shall be limited to clothing that a tradesman is required to have to perform his normal duties with his Employer.
 - (c) In the event of loss by fire at an Employer's camp or on the work site in an Employer designated storage area, replacement or payment of the full estimated value in excess of \$15.00 but not exceeding \$500.00 for the loss of personal clothing will be made by the Employer. Payment or replacement for

personal clothing lost by fire on the work site shall be limited to clothing that a tradesman is required to have to perform his normal duties with his Employer.

An employee receiving tools from his Employer shall be held responsible for the return of such tools in good condition, subject to normal wear and tear. On layoff, an employee will be allowed reasonable time to return tools to his Employer.
- 33.3 Gang tools are tools which are issued to a Foreman and are used by one or more members of the crew. Such tools are not identified on the trades tool list, nor are they the tools and equipment identified in 33.1 and 33.2 of this Article.
- 33.4 If an employee requires a set of banding tools to perform his work, the Employer will supply these tools, and the employee shall sign for the same. Failure to return such tools upon termination of employment will result in the employee being charged the replacement cost of these tools.
- 33.5 Employees working in a radiation area, in plastic suits or replacement material of the fully enveloping type with an independent air supply, will receive \$14.00 per day (\$15.00 effective October 26, 2013; \$16.00 effective May 1, 2014). HOURS OF WORK

36.1 One (1) or Two (2) Shift Operation

The start time for the day shift shall be between 6:00am and 9:00am. The start time for the afternoon shift shall be immediately following the day shift or within two (2) hours either way of the end of the days shift. Crews may have different start times.

The weekly hours of work Monday to Friday inclusive shall consist of forty (40) hours for all employees of Employers covered by this agreement and working a one (1) or two (2) shift operation.

The weekly hours of work may be arrived at by having the employees work either:

- four (4) consecutive ten-hour shifts, Monday to Thursday or:
- four (4) consecutive ten-hour shifts Tuesday to Friday or:
- five (5) consecutive eight-hour shifts

but not concurrently on the same work program.*

Employees will not be moved from work program to work program to circumvent overtime. Disputes arising from this Article are subject to the grievance procedure.

Each Employer will notify the Local Union of the weekly hours of work for each work program * at the site. Weekly hours of work will be established for a minimum period of two (2) weeks. The Employer will notify the Local Union at the applicable mark-up meeting of the weekly hours of work for each work program at the site. If an employer, with the approval of the owner, intends to change the weekly hours of work, a minimum of three (3) days written notice shall be sent to the Local Union.

****For the purposes of this section, a work program may be defined as work taking place on a site that could include the following:***

- ***Outages,***
- ***Specific contracted scopes of work***
- ***Various and different modifications in an operating plant where the owner dictates the hours of work, or***
- ***Subcontracts for a prime contractor where the prime contractor***

dictates the hours of work

The shift differential for those employees working the afternoon shift when a two shift operation has been established by the Employer will be one-seventh (1/7) for scheduled hours worked on that shift.

Three (3) Shift Operation

When a three (3) shift operation is established by the Employer, the following conditions will apply:

Those employees working on the day shift shall work eight (8) hours per shift at the straight time rate.

Those employees working on the afternoon shift shall work seven and one-half (7 1/2) hours per shift at the straight time plus the appropriate shift differential.

Those employees working on the night shift shall work seven (7) hours per shift plus the appropriate shift differential.

36.2 Shift Change

A shift will be deemed to be established providing at least four (4) consecutive days of a shift are to be worked excluding Saturdays, Sundays and recognized holidays. If an employee is removed from their scheduled shift prior to completing four (4) consecutive shifts, the employee will be paid shift differential for the balance of the four (4) consecutive shifts that would have been worked had the employee not been reassigned.

36.3 It may be necessary from time to time to vary the hours of work established in this Article. Any amendments to the hours of work will be established by mutual agreement between the Employer and the Union.

36.4 A lunch period will be given no earlier than four (4) hours and no more than five (5) hours after the start of the shift and will be one-half (1/2) hour in duration.

A lunch period will be given no earlier than three and one-half (3-1/2) hours and no more than five (5) hours after the start of the third shift and will be one-half (1/2) hour in duration.

36.5 When an employee is required to return to work without an eight (8) hour break, all work performed shall be at the premium rate until such time as the employee receives an eight (8) hour break. This provision does not apply when a change in an employee's normal shift (as defined in this Article) occurs or to call-in situations.

36.6 Trades assigned to fire watch duties may commence work after the start of the rest of the crew. In these cases, normal scheduled hours of work beyond the quit time of the rest of the crew will not be subject to overtime premiums.

36.7 Shift differential will not be paid on overtime.

36.8 Notwithstanding any other Article in this collective agreement, employees performing plastics work in a Zone 3 nuclear environment will have the following meal and rest periods:

- a. 1 – 30 minute meal period in each 8 or 10 hour shift;
- b. 1 – 30 minute meal period for the first 2 hours worked beyond the regular quitting time on an 8 or 10 hour shift and for each 4 hours thereafter; Overtime meal periods will be at straight time if the employee has been notified of the overtime the day before or if a free meal is provided. The meal period will be at a premium time if a meal is not provided;
- c. 2 – 15 minute rest periods in each 8 or 10 hour shift;
- d. 1 – 10 minute rest period if an employee works beyond the normal quitting time of an 8 or 10 hour shift;
- e. An employee will receive a 15 minute rest break for each 2 hours of overtime worked when not entitled to a meal break as per (b) above
- f. Meal and rest breaks will be taken as conditions permit and may be postponed to allow employees to start and complete work assignments.

Article 37

GRIEVANCE PROCEDURE

37.1 Grievances within the meaning of the grievance and arbitration procedure shall consist only of disputes about the interpretation or application of particular clauses of this Agreement and about alleged violations of this Agreement. In the event of any dispute concerning the meaning or application of any provision of this Agreement or a dispute concerning an alleged violation of this Agreement, there shall be no suspension or disruption of work, but such dispute shall be treated as a grievance and shall be settled, if possible, by EPSCA and the Union. In the interests of expediting the procedure, the parties shall process grievances in the following manner:

The grievance procedure and arbitration procedure in Article 37 do not apply to jurisdictional disputes.

37.2 PRELIMINARY DISCUSSION

Disputes arising out of the interpretation or alleged violation of this Agreement should, if possible, be settled by discussion between the employee and/or his steward and the employee's supervisor. If the employee affected is a foreman, the preliminary discussion will be between the Accredited Union Representative and the foreman's supervisor.

37.3 FIRST STEP

If a dispute cannot be resolved by this method, the Accredited Union Representative for the trade concerned may file a formal grievance on the prescribed form with EPSCA/the Employer within fifteen (15) working days of the alleged grievous act.

Within ten (10) working days of the filing of the grievance, EPSCA/the Employer will investigate the grievance and convene a First Step meeting which he or the Accredited Union Representative considers necessary to resolve it. The Management Committee shall be comprised of EPSCA/the Employer with at least one representative of the Employer named in the grievance. The Union Committee shall include at least two persons, one of whom shall be the Accredited Union Representative for the grievor.

EPSCA/the Employer shall give his reply on the prescribed form to the Accredited Union Representative within five (5) working days from the date of the First Step meeting.

Copies of completed grievance forms signed by the appropriate parties shall be filed by EPSCA/the Employer with the General Manager of EPSCA. The Accredited Union Representative for the grievor will file a copy with the Union.

The EPSCA Representative will send a copy of any signed first step grievance settlement between the Accredited Union Representative and EPSCA to the Union and the EPSCA office.

37.4 SECOND STEP

Within ten (10) working days after the disposition has been issued under the First Step of this procedure, the Accredited Union Representative may refer the grievance on the prescribed form to EPSCA's Grievance Officer. A copy of the grievance form shall be forwarded by the Accredited Union Representative to the International Representative of the Union.

The EPSCA Grievance Officer shall investigate the grievance and convene a meeting which he or the International Representative considers necessary to resolve it and give his reply on the prescribed form to the International Representative of the Union within five (5) working days from the receipt of the grievance form which was completed at First Step.

The Management Committee shall comprise the EPSCA Grievance Officer plus two other Management Representatives, one of whom shall be a representative of the Employer named in the grievance. The Union Committee shall be comprised of at least the International Representative or his designate for the grievor. If the International Representative elects to appoint a designate, he shall inform EPSCA, in writing, of the name of the designate and the duration of appointment.

37.5 EPSCA GRIEVANCES

The processing of EPSCA grievances will begin at the Second Step. EPSCA may submit either policy or specific grievances. Such policy or specific grievances shall be submitted within thirty (30) days of the alleged grievous act.

37.6 TIME LIMITS

The time limits as to both documents and procedures set out in the above sections shall be complied with by the parties to this Agreement provided, however, that the parties may mutually agree, in writing, in respect to an extension or waiver of any of the time limits imposed. Where no answer is given within the time limits specified in the grievance procedure, the employee concerned, the Union or EPSCA shall be entitled to submit the grievance to the next step of the grievance procedure. Any grievance not processed within the time limits specified in the grievance procedure shall be deemed to have been settled and ineligible for arbitration.

37.7 Alleged unjustified termination, discharge, suspension or disciplinary action may be grieved beginning at First Step.

37.8 GRIEVANCE FACILITIES

EPSCA shall provide the necessary facilities for all grievance meetings.

Article 38

ARBITRATION

38.1 If any dispute about the interpretation or application of particular clauses of this Agreement or about an alleged violation of this Agreement cannot be settled through the grievance procedure outlined in Article 37, the matter may be submitted within thirty (30) days of its failure of settlement by grievance procedure by either EPSCA or the Union to a Board of Arbitration for adjudication.

The party desiring to submit the dispute to arbitration shall notify the other party, in writing, of its desire and the notice shall contain the name of the first party's nominee to an arbitration board. The recipient of the notice shall, within five (5) working days, inform the other party of the name of its nominee to the arbitration board. The two nominees so selected shall, within ten (10) working days of the appointment of the second of them, appoint a third person who shall be the Chairman. If the recipient of the notice fails to appoint a nominee, or if the nominees fail to agree upon a Chairman, the appointment shall be made by the Minister of Labour for Ontario upon the request of either party. The arbitration board, when selected or appointed, will proceed as soon as practicable to hear and determine the dispute and it shall issue a decision which is final and binding upon the parties and upon their respective members. The decision of a majority is the decision of the arbitration board, but if there is no majority, the decision of the Chairman governs.

38.2 The arbitration board shall have no power to add to or subtract from or modify any of the terms of this Agreement. The arbitration board shall not substitute its discretion for that of the parties except where the board determines that an employee has been discharged or otherwise disciplined for cause when this Agreement does not contain a specific penalty for the infraction that is the subject matter of the arbitration. In

such cases, the arbitration board may substitute such other penalty for the discharge or discipline as to the arbitration board seems just and reasonable in all circumstances. The arbitration board shall not exercise any responsibility or function of the parties. The arbitration board shall not deal with any matter not contained in the original statement of grievance filed by the party referring the matter to arbitration.

38.3 In arbitration proceedings, each party shall pay the fees and expenses of its nominee, whether appointed by the party or by the Minister of Labour for Ontario, and the fees and expenses of the Chairman shall be shared equally by the parties.

38.4 The time limits as to both documents and procedure set out in the above sections shall be observed by the parties to this Agreement provided, however, that the parties may mutually agree, in writing, in respect to an extension or waiver of any of the time limits imposed.

EMPLOYMENT REFERRALS

It is agreed by the Parties to this understanding, that prior to any member being referred for employment under this agreement, the member must submit to a security check (OPG and Bruce Power) and reliability screening (Hydro One). Only members who successfully obtain security clearance will be referred for employment. Once a member has been hired on, they will receive an allowance of \$50.00 on their first weeks pay, in consideration of their time spent filling out the security clearance forms. For clarity, the allowance will only be paid to employees when they have been hired on and such forms have been required to be filled out.

The union will be notified, as soon as possible, whether or not an individual has successfully obtained security clearance. This pre-clearance does not prohibit the Union from filing a grievance against the Employer on behalf of any member who is refused employment due to his/her failure to obtain security clearance.

RE: 6X3 SCHEDULE- NUCLEAR ONLY

When working under the provisions of this LOU, all conditions listed below will supersede those contained in the main agreement. Where this LOU is silent, the appropriate Article in the Collective Agreement applies.

If in the transition onto or off this schedule, other than a layoff, an employee would receive less than 40 paid hours in a pay period, the employee shall receive the difference between the total paid hours for that pay period and 40 hours pay. This does not apply to those employees who are laid off during or at the end of the schedule.

This schedule will consist of rotations of six (6) consecutive eight (8) hour shifts, followed by three (3) consecutive days off. When employees work Monday to Friday, they shall be paid at straight time, with overtime as required. When working on a Saturday, Sunday and Statutory Holidays, employees will be paid at the applicable rate. Where this schedule is utilized, there will be a scheduled rest rotation where the employee will not be scheduled to work- this scheduled rest rotation will occur on every 8th rotation. Overlap of shift and/or start/finish times may be required.

It is intended that this schedule will be worked on a six (6) day, ten (10) hour per day schedule, with two (2) hours paid in accordance with Article 16 - Overtime Rates after eight (8) hours per day Monday to Friday.

Shift work may be established by the employer on a two or three, eight (8) hour per day shift basis, with overtime as required. When this occurs, a specific shift arrangement will be established by the employer detailing the shift schedule to be worked.

Where an employee works a full rotation before and after the scheduled rest rotation, the employer will pay the applicable room and board for the scheduled rest rotation.

Shift changes amongst employees must be authorized by the employer.

Any disputes that arise from the application of this schedule shall be referred to the Nuclear Projects Agreement Project Committee.

Shift Provisions

Day Shift

Regularly scheduled hours of work per shift Monday to Friday inclusive shall be paid at straight time hourly rates.

Afternoon Shift

Regularly scheduled hours of work per shift Monday to Friday inclusive shall be paid at straight time hourly rates plus a shift differential of one-seventh (1/7) of the straight time hourly rate.

Night Shift

Regularly scheduled hours of work per shift Monday to Friday inclusive shall be paid at straight time hourly rates plus a shift differential of one-fifth (1/5) of the straight time hourly rate.

All Shifts

Regularly scheduled hours of work on Saturday, Sunday, Statutory and Recognized Holidays shall be paid at two times the straight time hourly rate. Recognized Holidays will be observed on the actual day on which the holiday occurs or as declared by legislation.

The rate for the shift will be based on the day in which the shift begins.

It may be necessary, from time to time, to vary the established shift arrangements. When this occurs, a revised shift arrangement will be established by the employer.

Overtime Rates

This is to clarify that overtime will be paid in accordance with Article 16 - Overtime Rates.
